

**REMARKS**

Claim 7 has been amended to correct a typographical error.

Paragraph No. 0077 has been amended to correctly refer to the camera as being element "540" not "545".

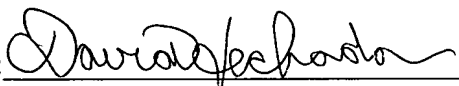

Paragraph No. 00120 has been amended to correct a typographic error. Specifically, variable " $\alpha$ " has the subscript "j". IE: " $\alpha$ " (the thermal expansion modulus of the  $j^{\text{th}}$  cantilever) is now correctly referred to as " $\alpha_j$ ".

Paragraph No. 00127 has been amended to correct a typographical error by removing the word "is" before the phrase "... a wet KOH.."

Newly added claims 64 to 82 are supported by the originally filed specification. No new matter has been added by these claims.

If in the event that there are any questions concerning this response or the above-identified application in general, the Examiner is respectfully urged to telephone the undersigned so that the prosecution may be expedited.

Respectfully submitted,  
Burns, Doane, Swecker & Mathis
